Town Report Account for a total of \$635. Recommended by Finance

Committee

ARTICLE 4. On motion of Peter Kornicki, duly seconded, it was unanimously voted to appropriate the sum of \$1000. for Forest Fires; said sum to be raised by transfer of \$1000. from the Overlay Surplus Account. Recommended by Finance Committee

ARTICLE 5. On motion of David L. Tuttle, duly seconded, it was voted to authorize the Bellingham School Building Committee to purchase from Ida J. Morin, for a school building site and for other school purposes, that certain tract of land containing approximately thirty-six acres and located on the easterly side of South Main Street in the southerly part of Bellingham, bounded as follows:

Westerly by South Main Street, northerly by land of the New York, New Haven & Hartford Railroad, southerly and southwesterly by land platted as "Social Annex" and now owned by the Town of Bellingham, easterly and southeasterly by land of various owners; and being the same premises described in a deed of Albanie F. Aubuchon to Axilda Morin and Ida J. Morin, dated March 23, 1936, recorded with Norfolk deeds, Book 2103 page 350, to which reference may be had for a more particular description; and that the Town raise and appropriate the sum of \$5000. for the purchase of said land; said sum to be raised by transfer from Overlay Surplus.

Vote:

111 in favor 1 opposed

2/3 being 74, motion carried.

Finance Committee recommended

ARTICLE 6. On motion of William Crouse, duly seconded, it was unanimously voted to raise and appropriate the sum of \$2000. for the purpose of preparing the site described in Article 5 of this Warrant for a topographical survey and obtaining said topographical survey and plan; said money to be expended under the supervision and control of the Bellingham School Building Committee; said sum to be raised out of the 1954 tax levy. - BE IT FURTHER RESOLVED—That a copy of this resolution be spread in the official records of the Town Clerk, and that a copy of same be forwarded to Principal Edward F. Collins of Bellingham High School.
- GIVEN—At the Town of Bellingham, County of Norfolk, Commonwealth of Massachusetts, this 16th day of March, 1953.

ZEPHIRIN J. REMILLARD, Chairman of Selectmen

ALFRED M. COTE, Selectman

WALTER P. LEWINSKI, Selectman

Received and entered in the Town Record Book on March 17, 1953.

REPORT OF THE MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

One hundred and fifty dollars was spent during the current year which was a great help, but this appropriation is in sufficient and should be increased to take care of present existing conditions.

I wish to thank the Board of Selectmen for their splendid cooperation this past year.

Respectfully submitted,

SYLVIO DALIPE, Moth Superintendent

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen:

Trimming of trees was completed in every section of town and several trees that were deemed hazards had to be cut down. Due to the sleet storm in January, heavy damage caused several more trees to be cut, also many branches and limbs. Generally speaking the condition of trees is fairly good but this condition should be maintained by providing sufficient funds.

I wish to take this opportunity to thank the Board of Selectmen for their co-operation during this past year.

Respectfully submitted.

SYLVIO DALPE, Tree Warden

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare had and increase in its expenditures during 1953. This was due to poorer employment, heavier medical fees and hospitalization. The Board had several cases that received Relief because of illness. During 1953, due to the fact that many cases were settled in other towns and were state cases, the net cost of Welfare Assistance was not much in excess of 1952.

During the year, the total expenditures were \$17,617.03. \$698.97 was paid to other towns leaving the cost of assistance in the town of \$16,918.06. A break-down of the expenses of the Welfare Department for cases inside of Bellingham, is as follows:

Total Expenditures for Welfare	\$16,918.06 6,867.88
Less sums due from State	0,001.00
	10,050.18
Less sums due from other towns	6,101.62
	3,948.56
Less administration	892.64
Net cost of Relief rendered	3,055.92
Administration	892.64
Less federal and state reimbursements	329.54
Net cost of administration	563.10

The cost of administration in 1952 was \$832.01 and the 1953 expenditure represents a decrease over that figure. The total appropriated increase over 1952 was \$4630.59. The net increase over 1952 to the taxpayers of Bellingham was only \$520.68.

It is well to note that Bellinghm's percentage of actual net cost of Relief is only 18 percent of the total cost of Relief rendered in the town, exclusive of administration.

REPORT OF BUREAU OF OLD AGE ASSISTANCE

During 1953, there was a decrease in the total expenditures for Old Age Assistance over the prior year.

It is well to remember that the administration of the Old Age Assistance department operates on rules and laws that are supervised by the State Department of Public Welfare. All payments made by the Bureau of Old Age Assistance are subject to audit by the State and Federal auditors. It is well to remember that these expenditurts are subject to the Mass. Dept. of Welfare supervision and failure to comply with the State regulations would subject the local board to be penalized and failure of the State Department to pay the State and Federal reimbursement due the town because of improper administration of Relief, with the power of the State to refuse reimbursement to the local communities for expenditures made without their approval. It is easy to see that the local board has very little control over the eligibility of the case, the amount to be paid the same and other administration of the Old Age Assistance.

The Bellingham Bureau has to administer Old Age Assistance according to the law and secure as much back from the Federal and State and other towns as possible. The following figures will show how well the Bellingham Bureau of Old Age Assistance has performed this service to the taxpayers of the Town of Bellingham:

Total payrolls Less federal share	\$65,897.03 32,812.19
Less State share	33,084.84 24,240.71
Less sums due from other towns	8,844.13 379.61
	8,464.52

This net cost represents but 12.8 per cent of the total cost of Old Age Assistance to the taxpayers of Bellingham. The Bureau aided 96 cases during the year. It actually received \$32,820.42 from the federal government and \$23,866.27 form the State. In addition, the Town is expected to collect for the year of 1953, the sum of \$2402.58 for Administration.

REPORT OF BUREAU OF AID TO DEPENDENT CHILDREN

In this Department, the same rules govern it that govern Old Age Assistance. A case has the right to appeal over any decision of the local Board to the State Department of Public Welfare.

During the year of 1953, the Department aided 14 cases with 33 children. A breakdown of the Department's expenditures is as follows:

Total payroll Less Federal reimbursement	\$10,272.32 5,485.70
Less State reimbursement	4,786.62 3,424.11
Net cost	1,362.51

During 1953 the Town received \$5195.34 from the Federal government and \$3404.97 from other towns. It is anticipated that the expenditures during 1954 will be somewhat higher than 1953 unless present trend is reversed. The Federal government is expected to pay the sum of \$790.63 for Administration of Aid to Dependent Children for the year of 1953.

REPORT OF DISABILITY ASSISTANCE

This department, during the year of 1953, aided 7 cases. A break-down on the total expenditures during 1953, is as follows:

Total Expenditures	\$5,043.44
Less Federal share	2,412.94
	2,630.50
Less State share	1,369.57
Net cost to Town	1.260.93

The Town actually received, from the Federal government during 1953 the sum of \$2606.46 and from the State the sum of \$1262.20. In addition the Federal government is expected to contribute \$409.44 for Administration and the State the sum of \$204.73 for Administration.

It is anticipated that the expenditures in 1954 in this department will be somewhat higher than in 1953 in view of the present case load.

In summarizing Administration, the Town is expected to collect \$3,807.38 from the State and Federal government for the administration of Old Age Assistance, Aid to Dependent Children and Disability Assistance. In addition to these sums, the Town is anticipating on collecting for travel mileage incurred for bringing other towns and State cases into Boston from Welfare to be included in Welfare and Old Age Assistance re-imbursements, the sum of \$392.00.

The Board of Public Welfare would like to extend to various Town officials his thanks for co-operation received during the past year.

Respectfully Submitted,
ROGER RUE
RAYMOND MOWRY
CHESTER GASKILL

REPORT OF THE BOARD OF ASSESSORS

For the Year Ending December 31, 1953

Gross Amount to be raised Less: Total estimated receipts	474,805.15 230,762.75
Net amount to be raised by taxation on Real, Personal and Polls	244,042.40
Number of Polls—1,348—Poll Tax	2,696.00
Total Value: Personal Property, \$411,442.00	17,692.00
Total Value: Real Estate, \$5,201,265.00	223,654.00

Tax Rate for 1953-\$43.00 Per Thousand

Due to the increased costs of running a Town that is growing rapidly, the Board of Assessors were unable to reduce the Tax Rate and were fortunate to be able to keep it at \$43.00 per thousand . . . despite a gain of \$486,565.00 in valuation.

Taking all this into consideration, we hope the appropriation at the annual Town Meeting of 1954 can be kept down to a reasonable amount so that the rate for 1954 can be held down to a reasonable rate.

We wish to thank the various Town Officials for the cooperation received during the year.

Respectfully submitted,

ELLSWORTH R. BROOKS EARL F. ROGERS WALTER J. MOSTEK, Board of Assessors.

MEMORIAL DAY AND ARMISTICE DAY REPORT

To the Honorable Board of Selectmen Bellingham, Mass.

Gentlemen:

The Memorial and Armistice Day Committee wish to report that the exercises were conducted on Sunday, May 24, 1953, in Precinct Two, also the committee made a complete flagging on Nov. 11, 1953.

The firing squad visited all cemeteries and fired a salute, also at all Honor Rolls and Squares.

The parade formed at the Post Office and then marched to the North Cemetery and held exercises, then returning to the Honor Roll where the exercises were concluded.

A buffet lunch was served in the Community Building by the 'Arnold Spencer American Legion Auxiliary.

The Arnold Spencer Post No. 218, American Legion, and its Auxiliary wish to thank the public and all those who so generously helped to make Poppy Day a success.

The committee wishes to thank the Town Officials and all organizations who participated in the parade.

MICHAEL J. SMITH, Chairman JAMES WRENN BYRON COOK 'ALFRED STAVES LEVI SMITH HREVIE PREFONTAINE JAMES YATES OSCAR CHAMBERL'AIN

REPORT OF THE INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

I hereby submit my report as Inspector of Slaughtering for the Town of Bellingham for the year ending December 31, 1953.

There has been very little slaughtering performed this past year but what was done was approved, and animals that were sold alive were taken to a licensed out of town slaughter house.

All domestic animals which are to be offered for sale or any part thereof must be inspected at time of slaughter. Domestic animals slaughtered for home use need not be inspected.

Respectfully submitted,

DONALD P. JONES, Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS & MILK

To the Honorable Board of Selectmen:

I hereby submit my report as Cattle and Milk Inspector for the Town of Bellingham for the year ending December 31, 1953.

Recently, I made the inspection of all dairy farms, and dairies in the Town and found them all very satisfactory for which I thanked the owners.

I also made the annual inspection of all barns and recorded all known existing animals in the Town of Bellingham as required by the Commonwealth of Massachusetts, and in accordance with section 19, Chapter 129, of the General Laws and the outcome of said inspection I am firmly convinced that the producers in town are taking necessary measures to produce clean and sanitary milk.

Respectfully submitted,

JEAN B. MANDEVILLE, Inspector of Animals and Milk.

REPORT OF THE FIRE DEPARTMENT

TOWN OF BELLINGHAM

Office of the
FIRE DEPARTMENT
South Bellingham, Mass.

January 6, 1954

To the Honorable Board of Selectmen:

As Chief of the Fire Department and Forest Fire Warden, I hereby wish to submit the following report for the year ending December 31, 1953.

The alarms answered by both Departments are as follows:

Building Fires	21
Forest Fires	73
Dump Fires	9
Automobile Fires	4
'Assistance to other towns	6
Smoke Scares—Honest Mistakes	2
First Aid—Accidents and Emergency Calls	5
TOTAL	120

In accordance with the provisions of Chapter 148 G.L. lowing permits were issued during 1953:	the fol-
Permits for storage of Liquified Petroleum (Philgas)	21
Permits issued to alter and install fuel oil burning equipment	137
Certificates issued for completion, installation or alteration of fcel oil burning equipment	136
Permits issued for storage of fuel oil	156
Blasting permits issued	4

The number of fires has increased again this year. However, this is to be expected with the growth of the town. I again plead with the town folks to exercise the utmost precaution and safeguards in order to keep all fires down to a minimum.

TOTAL

454

Although there has been a sharp increase in the number of fires, we have been very fortunate that we have had so few serious ones.

I wish at this time to thank all the town folks for their cooperation at the annual town meeting in which all supported and voted for the purchase of two resuscitators for the Fire Department. They have been used only once—successfully, but it is indeed a pleasure for all members of the Department to know that we have this emergency equipment on hand.

I am again requesting the same support and cooperation from the town folks in regard to the purchase of a new Forest Fire Truck to replace the 1937 Chevrolet Truck housed at the Center Station. This truck is past the repair stages, and if we are to maintain an efficient Department, we must replace this truck in 1954.

To the officers and men of both stations, my heartfelt thanks for the splendid cooperation. These are men of whom you can well feel proud.

In conclusion, I wish to express my sincere thanks to the Board of Selectmen for their fine cooperation which enabled the Department to procure such equipment as a new gasoline portable pump,

new fire extinguishers, new gasoline portable generators with lights, smoke ejector and numerous other equipment that can be used not only in fire protection, but also in practically any emergency that may arise.

Respectfully submitted,

PETER KORNICKI

REPORT OF THE HEALTH OFFICER

Board of Selectmen Bellingham, Mass.

December 3, 1953

Gentlemen:

The following is my report as Physician to the Board of Health for the Town of Bellingham for the year 1953.

The usual Diphtheria, Whooping Cough and Tetanus immunizations were given to all eligible children in the town. Also a Small Pox Vaccination clinic was held again. Fortunately, there were not any severe epidemics in the Town of Bellingham this year.

In closing, I want to thank you, and Misses Grace Moran, R. N., and Lucy King, R. N., for your cooperation and assistance during the year.

Respectfully submitted,
HAROLD L. SHENKER, M. D.

REPORT OF STATE AUDIT

Commonwealth of Massachusetts

Department of Corporations and Taxation

Division of Accounts

State House, Boston 33

January 5, 1954

To the Board of Selectmen
Mr. Zephirin J. Remillard, Chairman
Bellingham, Massachusetts
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Bellingham for the period from November 14, 1952 to November 4, 1953, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of 'Accounts.

Very truly yours,

HERMAN B. DINE,

Director of Accounts.

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Bellingham for the period from November 14, 1952, the date of the previous examination, to November 4, 1953, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or com-

mitting bills for collection, were examined and checked for the period covered by the audit.

An analysis was made of the town accountant's ledger, the receipts being checked with the treasurer's books and the payments being compared with the warrants authorizing them and with the treasurer's records of payments. The appropriation accounts were checked with the town clerk's records of town meeting proceedings, and the recorded transfers from the reserve funds were verified by comparison with the records of the finance committee.

The necessary adjusting entries resulting from the audit were made, and a balance sheet, a copy of which is appended to this report, was prepared showing the financial condition of the town on November 4, 1953.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the treasury, while the payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were certified, and the cash balance on November 4, 1953 was proved by actual count of the cash in the office and by reconciliation of the cank balances with statements furnished by the banks in which town funds are deposited.

The records of payroll deductions from employees' salaries and wages for Federal taxes and for the county retirement system were examined and checked. The amounts withheld for Federal taxes were compared with the receipts as recorded by the treasurer and with the payments to the Federal depository, and the retirement deductions were listed and compared with the payments to the county treasurer.

The payments made on account of maturing debt and interest were proved with the amounts falling due and with the cancelled securities and coupons on file. The unpaid interest coupons were listed and reconciled with the balances as shown by statements furnished by the banks of deposit.

The savings bank books representing the investment of the

several trust funds in the custody of the town treasurer were examined and listed. The income was proved and the transfers to the town were verified.

The records of tax titles and tax possessions held by the town were examined, listed, and reconciled with the tax collector's records and with the accountant's ledger. The additions to the tax title account were compared with the tax books, and the tax title redemptions were checked with the treasurer's recorded receipts. The tax title and tax possession transactions were further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked in detail. The taxes and excise outstanding at the time of the previous examination as well as all subsequent commitment lists were audited and compared with the assessors' warrants issued for their collection. The cash book additions were proved and the reported payments to the treasurer were compared with the treasurer's recorded receipts. The abatements as recorded were compared with the assessors' record of abatements granted, the transfers to the tax title account were verified, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The tax collector's cash balance on November 4, 1953, was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The recorded receipts of the selectmen, the town clerk, the wire inspector, and the sealer of weights and measures, as well as of the school and library departments, were examined and checked in detail and the payments to the town treasurer and to the State were verified.

The records of departmental accounts received were examined and checked. The recorded payments to the treasurer were compared with the treasurer's cash book, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

The books and accounts of the water collector were examined and checked in detail. The records of water charges were analyzed the recorded collections were compared with the payments to the treasurer, and the cash balance on November 4, 1953 was verified by reconciliation of the bank balance with a statement furnished by the

bank of deposit and by verification of the cash in the office. The abatements, as recorded, were checked with the water commissioners' records of abatements granted, and the outstanding accounts were listed and proved with the accountant's ledger.

It was noted that no action has been taken on uncollected water liens and in this connection attention is directed to the provisions of Sections 42D, Chapter 40, General Laws, which provides that water liens remaining unpaid when the assessors are preparing the real estate tax list shall be certified to them by the water commissioners and added to the tax on the property to which it relates.

It is also recommended that a complete record of each customer's account be kept in the water department office, from which the commitments to the water collector may be made and from which a comparison with the collector's records may be readily obtained.

Verification of the outstanding tax, water, and departmental accounts was made by mailing notice to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it would appear that the accounts, as listed, are correct.

The surety bonds on file for the town officials required by law to furnish them were examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the town treasurer's and tax collector's cash, summaries of the tax, excise, tax title, tax possession, departmental, and water accounts, as well as tables showing the condition and transactions of the trust funds.

For the cooperation received from all town officials during the progress of the audit, I wish, on behalf of my assistants and for my-self, express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,

Assistant Director of Accounts.

CHAPTER 90 CONSTRUSTION ON PULASKI BLVD.

Under the supervision of the State Highway Engineers Tom Hanan and Henry W. Walsh the Town Highway Department eliminated one of the bottlenecks in Bellingham. This construction is on Pulaski Blvd., running from So. Main St and Wrentham St. This section of the road was widened to eliminate a narrow bottleneck. A total of 1,187 feet of road was widened by as much as 23 feet. The intersection has long been a traffic bottleneck. Traffic became so heavy as to make the project mandatory. The State Engineers told the Board of Selectmen that they were extremely grateful that we did this much work with the money that we had. In closing I wish to thank the Board of Selectmen, Mr. Zephirin J. Remillard and Mr. Walter P. Lewinski and Mr. Alfred M. Cote and the State Highway Engineers, for their cooperation, and also the Citizens of the Town of Bellingham. I also wish to thank the employees of the Highway Department for their sincere efforts in working faithfully with me to better streets conditions in the town, and to make the department able to operate more efficiently during the past year.

Respectfully Submitted,

WILFRED ARCAND, Superintendent of Streets

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen which was composed of Zephirin J. Remillard, Walter P. Lewinski and Alfred M. Cote as members, organized for the year 1953, with Zephirin J. Remillard being voted as Chairman and Alfred M. Cote appointed to serve as Clerk on March 5, 1953.

STATE AUDIT. The Selectmen in October requested the State Division of Accounts to conduct an audit of the receipts and expenses for the year 1953 and all departments were verified and checked in detail.

VETERANS. The Office of Veterans' Services managed by Director James E. Wrenn, with the assistance of the Advisory Board, was very ably conducted especially in connection with assistance and information in the solution of various veteran's problems.

FIRE DEPARTMENT. This department has done splendid this past year, though not as favorable as last year, due to an extended drought and increase in buildings. Undoubtedly new vehicles will be needed this year in order to keep this department in tip top condition.

On recommendation of Chief Kornicki a forest fire truck is highly needed.

BRIDGES. This Board highly recommends that a bridge be constructed on Wrentham St. where so much thru traffic is routed from Woonsocket to Boston.

POLICE DEPARTMENT. This department was very ably managed under the supervvision of Chief Euclide A. Fleuette, and has continued at its high level, greatly aided by its two-way radio.

STREETS. The highway program is continuing, and each year, especially since 1951, sees more streets added to the list of tarred and completed ways due to a greater influx of home construction especially away from main highways.

DRAINAGE. The surface drainage in certain sections demands attention this year, especially along Peters' River and its immediate tributaries, where the surface flow of water has been increased without a corresponding increase in drainage facilities, causing flooded conditions in that locale.

MUNICIPAL FIELD. The athletic field adjourning the High School premises is assuming more importance every year due to larger enrollment and more participation in sports.

This year a new landmark was added to change the face of the property alongside the High School and a vote of thanks must be given the Committee in laying out a Little League field complete with bleachers and fence. Continued improvements and maintenance of both fields is recommended by the Board of Selectmen.

NORTH & SOUTH COMMUNITY BUILDINGS. Several repairs were completed this year, although both buildings are in fair condition. continued repairs should be continued.

DEBT. Bellingham has once again completed its 1953 fiscal year with a cash balance at the end of the year of \$71,347.30.

TOWN HALL. The exterior of the oldest municipal building in Town is in good condition but much improvement should be made to renovate the interior.

LIQUOR LICENSES. Following is a schedule of fees adopted by the Board of Selectmen:

Common Victuallers, all alcoholic, \$300.00 Common Victuallers, wine and malt, \$150.00 Package Goods, wine and malt, \$100.00 Package Goods, all alcoholic \$150.00 Seasonal, all alcoholic \$100.00

The holders of licenses for the sale of alcoholic beverages are as follows:

This year the Trustees decided there was a need for a new location for the North Branch Library. They decided on the basement of the North School as the ideal place. It was sectioned off, painted, shelves erected, and equipment purchased, and was ready for use in August. This took quite a portion of our allotment, and consequently, we could purchase only about half the amount of books as formerly. However, we were fortunate in having books donated to the three branches. Mrs. William Crouse, a Trustee, gave the South Branch forty-four books of mystery and adventure for the teen age group, and Mrs. Dino Brunetti of Irving Street, gave the same branch forty-five books for adult fiction.

Mrs. Vincent Thayer gave the Center Library a large box of assorted books, and the Hopedale Library gave some fine books to the North Branch to help us get a good start.

I wish to take this time to thank the Trustees for their help, and to thank the teachers and the janitor for their help.

I would like to ask the parents for their help in having the children return all books promptly. I have sent letters to all who have books long overdue, and some do not respond as they should.

As these books are acquired mostly by tax money, it is to your advantage to see that all books are returned promptly, and it would save the money that I now use for postageo on the notices.

MRS. ETHEL SPENCER, Librarian.

CORA 'A. LEVITRE,
Water Bill Collector.

REPORT OF THE WATER COMMISSIONERS

To the Citizens of Bellingham:

At an organization meeting of the Board of Water Commissioners held March 2, 1953, Mr. Rodolphe Beauregard was re-elected chairman,

Mr. Arthur Ayotte was reappointed clerk, and Mrs. Cora 'A. Levitre was reappointed water bill collector.

The year 1953 has been a most memorable and exceedingly busy year for the water department, comprising the construction of a third well and pumping station to our distribution system located on Wrentham Road (Near Bungay Brook). This well has now been in operation since the latter part of September. Work got started early in July and was completed the latter part of September. Results have been very gratifying and as expected, this well will now assure the Town of an ample supply of water.

The quality of water obtained from this well as analyzed by the State Board of Health is considered equal to the best in Massachusetts.

The breakdown of our No. 1 Well at Silver Lake last summer caused by excessive pumping due to the heavy demand, has been repaired and is now in service.

Equipment

The purchase of a new 1-ton service truck as approved by the voters at the annual town meeting is the most effective equipment of the department. Equipped with a tripod and power winch. It is used to lower water pipe into trenches, remove and replace hydrants. The tripod can be removed and the truck used for normal purposes. It proved to be of great help to this department in saving time and money and with maximum of safety.

Fire Hydrant Protection

This department has started the installation of cement guide posts near all hydrants that are at dangerous locations which might be damaged by the backing into or sideswiping by vehicles. This work will be continued until said hydrants in danger spots are protected.

Water Revenue

The report of the Water Bill Collector again shows a notable increase in revenue for 1953 which is very encouraging, and added revenue is anticipated for 1954.

We wish to express our sincere thanks to the townspeople for their cooperation and to all the town officials for their help during the year 1953.

Respectfully submitted,

RODOLPHE BEAUREGARD ARTHUR AYOTTE EDWARD LEMIRE,

Water Commissioners.

LEO A. GOSSELIN,

ANNUAL REPORT

of the

SCHOOL COMMITTEE

and

Superintendent of Schools

of the

Town of Bellingham

For The Year Ending

December 31, 1953

REPORT OF SCHOOL SUPERINTENDENT

To the School Committee of Bellingham:

Gentlemen:

It is with pleasure that I submit for your consideration my eleventh annual report as Superintendent of Schools.

The following changes in the teaching staff took place during the year. Mrs. Veronica Wynne resigned; Mrs. Margaret Haine was granted a year's leave of absence; and Miss Ruth Mandeville was transferred from the Center School to the South School. Miss Ernestine Martineau, of Woonsocket, a graduate of Rivier College, was engaged to fill the third grade vacancy at the South School. Mrs. Helen Spont, of Woonsocket, a graduate of Rhode Island College of Education, was selected to replace Mrs. Haine for the year at the South School. Miss Lucia Ficco, of Franklin, a graduate of Emmanuel College, was engaged to replace Miss Mandeville at the Center School.

Classroom instruction in all schools has continued on a high level. The low turnover of teachers from one year to another is beneficial to our school system. Our pupils are well supplied with Modern textbooks. They have all of the various materials needed for good teaching. Considerable testing has been done which gives a better understanding of the individual child and his needs. A new liquid duplicating machine was purchased for the North School. All schools now have these very necessary aids to education whereby enough material (written, typewritten, or drawn) can be run off in a minute or two for an entire class. A new 16 mm. sound projector was placed in the North School which is a forward step in our visual education program. The High School Commercial Department has a new electric typewriter and a new calculating machine adding greatly to the instruction in that department. Several of our teachers have taken, or are taking, courses in education for self-improvement. The work of our three supervisors in handwriting, music, and art has been maintained on a high level.

Under the direction of the State Department of Education a workshop in elementary education was held in Franklin in May. Supervisors from the State Department were present and took an active part in outlining modern educational practices. Dynamic study groups

discussed new curriculum guides and progressive procedure. Several of the nearby towns were represented by their school faculties. This conference proved extremely beneficial to all of our principals, supervisors, and teachers.

The most vital problem facing the school department at the present time is the serious overcrowding of the High, South, and Center Schools. The following table shows the enrollment as of October 1, 1953, and as of December 23, 1953:

North	98	102
South	357	357
Center	144	154
High	158	153
Total	757	766

The lowest enrollment was 534 pupils in 1946. We now have 766 South School, an eight-room building, now has two classes in the pupils, an increase of 232, or about 43 per cent, in seven years. The High School Building, and one in the Community Building. Next September there will undoubtedly be enough pupils entering grade one at the South School to make necessary two first-grade classrooms. It the present grade two of 41 pupils should increase much, still another classroom would be needed. Hence, the South School in September, 1954 will need four outside rooms, and possibly five. The High School will not be able to accommodate any more than one. If the High School enrollment should increase much, none of the South School children could be housed there.

The Center School also is seriously overcrowded. Three of the four classrooms have considerably more than thirty pupils per room, which is the maximus size for the best instruction. All classrooms at the Center School are occupied by two grades. The enrollment is as follows:

Grades 1-2 38 Grades 3-4 44 Grades 5-6 31 Grades 7-8 41 Total 154

Figuring on the basis of not over thirty pupils per room, this school has 34 more than it should have. Something will have to be done this coming September to relieve this condition.

The North School, with an enrollment of 102, is not overcrowded. Again figuring thirty pupils per classroom, this school could accommodate 18 more children. But here the distribution of children in the various grades is uneven. The North School is organized the same as the Center with two grades in each of the four rooms. The present enrollment of the North School is as follows:

Grades 1-2 35 Grades 3-4 25 Grades 5-6 22 Grades 7-8 20 Total 102

The High School, as far as enrollment in grades 9-12 is concerned, is not too large. The fact that two classes from the South School, grades seven and eight, are housed here now makes this building overcrowded, as it takes two rooms that could well be used by high school classes. The High School Building, if it were to house only high school students, should be able to operate efficiently for several more years, say until 1958 or 1959.

The High School enrollment, grades 9-12, is 153. Adding to this the South School grade seven, 37 pupils, and the South School grade eight, 38 pupils, makes the total enrollment of this building 229.

Leading educators now state that the ideal number of pupils per teacher is twenty-five in the elementary grades for the best instruction. Thirty should be considered as a maximum number. Our classes range in size from twenty to forthy-four pupils. Of our nineteen elementary classrooms, eleven have over thirty pupils, and eight have under thirty.

It would seem that by September, 1954 that five or six additional classrooms would be needed, and that by September, 1955, about eight extra classrooms would be necessary. This is under the assumption that two South School classes would have to be taken out of the High School Building, one out of the Community Building, and that the South School would have double first grade entering classes from now on. All of the above does not take into consideration the 239 children we have who now attend private schools. Neither does it take into consideration the number of new homes which might be constructed in the future. If the number were very great then all of the enrollment figures would have to be revised upyard substantially. Hence, it seems absolutely necessary to take steps immediately to provide for the enrollment expansion and for all of the educational needs of our children.

'American Education Week was observed in November in all schools. Open house days and special visiting days were set aside for parents to visit classes, observe the work being accomplished, and to talk with teachers about the progress of their children. Such parent-teacher conferences are extremely beneficial to pupil educational achievement. Parents are cordially invited to visit their schools at any time.

A registration and visiting day was held in May in the elementary schools for children who planned to enter grade one in September. The results were highly gratifying. Nearly all parents registered their children. The very few parents who were unable to be present contacted the schools by telephone. It is most important that the School Department know before school closes in June how many first grade children to plan for in September. Registering in the spring also saves a great deal of time on the opening day of school in the fall. Another registration day will be held in May, 1954, and it is hoped that all first graders will be enrolled then.

The annual school census was taken in October. This census includes every person who was a resident of the town on October 1, 1953, regardless of where they attend school.

The following table shows the distribution of minors as of October 1, 1953:

Through the co-operation of the Norfolk County Health Association an X-Ray Clinic was held at the High School in October. All school personnel, including superintendent, principal, teachers, supervisors, and janitors had chest X-Rays. All high school seniors were X-Rayed also. None showed evidence of pulmonary disease. Reports have been sent to each individual.

In addition to regular routine repairs, such as plumbing, electrical, heating, etc., the following are among the more important items:

High School

Repairs grounds Installation sump pump Installation new oil burner

North School

Installation sump pump Repairs-grounds and driveway Interior painting New movable furniture-one room

South School

Repairs grounds Much interior painting New stair treads

Center School

Storage and basement repairs Two new classroom ceilings One hall ceiling Roof repairs Interior painting

All of our school buildings are now heated with oil. All are more evenly heated and ventilated and all are operating efficienty and economically.

Among recommendations for the coming year would be the following:

Adequate provision for increased enrollment

Reduce size of classes

Modernizing older classrooms. (new movable furniture and fluorescent lighting)

Exterior and interior painting

Further improvement of play grounds

In conclusion I wish to express to you my sincere thanks for your efforts in making the year a most successful one. The assistance and co-operation of the principals, supervisors, teachers, school physician, school nurse, townspeople, parents, and pupils is also deeply appreciated.

Resectfully submitted,

PERCY L. ROWE, Superintendent of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Percy L. Rowe

Superintendent of Schools

Bellingham, Massachusetts

Dear Mr. Rowe:

I herewith submit my twelfth annual report as Principal of Bellingham High School.

The enrollment for the year, as of October 1, 1953, was 153. The summary shows that there were 32 seniors, 30 juniors, 48 sophomores and 43 freshmen.

The seventh and eight grades of the South School are now housed in the high school building. These grades are departmentalized and there is an interchange of instructors between the high school faculty and the elementary teachers. Grade Seven has 36 students and Grade Eight has 38 students.

The program of studies and the graduation program have been submitted separately and will follow this report.

The Department of Education has again approved our High School in Class A for the current school year. This means that accredited colleges will not require entrance examinations in any subject in which our students have received a certifying grade. The passing grade at our school is 70 per cent and the certifying grade is 80 per cent.

Our annual yearbook "The Epilogue" was published by the class of 1953 under the supervision of the class advisor, Mr. William A. Conlan. Our advertising staff received a very kind reception from the business and professional men in our area, and we wish to thank them for their generous co-operation.

The class of 1953 spent their Easter vacation sight-seeing in New York, Washington, and Virginia. The class was chaperoned by Mrs. Dorothy Ryan, our French teacher, and myself. We sincerely hope that the class of 1954 will be financially able to take the same trip. At the present we are planning a bazaar, a musical, and a three-act comedy for their benefit. These events will be supervised by Mr. James J. Keough, Miss Christine Wilson, Miss Eleanor Bailey, and myself.

The Bellingham Lions Club sponsored an entertainment and dance for the benefit of the 1953 Washington Trip Fund, and are planning to do the same for the class of 1954.

We were forced to drop Spanish from our curriculum. This change was necessitated not by a lack of student response, but rather by a lack of space. Incidentally, our commercial department is very crowded and it will be necessary for us to move it to a larger room next year. This change means that we will need the large room which is now used by the eighth grade.

Mrs. M. Louise Kelley is our Dean of Girls. She does an outstanding job of handling the many problems of our girls.

The 1952-53 basketball team was the most outstanding team ever to represent our school. They won the most games, scored the most points in one season, had the longest winning streak, and had the highest score in one game. In the Bay State Tournament they played to the semi-finals before being defeated, and in the Assumption College Invitation Tournament they won the Call B championship.

Again this year the Bellingham Lions Club honored the team at a banquetat which all players, Coach Frank Fylnn, and myself were given personal gifts. In addition to this, the team was tendered victory dinners at the homes of Mr. and Mrs. Augusto Canestrari, Mr. and Mrs. Euclid Fleuette, Mr. and Mrs. Andrew Palmer, and Mrs. Douglas Carr.

Through the efforts of Andrew P. Palmer and David L. Tuttle, a committee of eighteen members was formed; and on April 13, the townsfolk honored our team with the most outstanding banquet ever held in the town. The team and the coach received gifts from the School Committee, the Board of Selectmen, and the Banquet Committee.

All of us at the school deeply appreciate these friendly gestures. It is indeed gratifying to witness such civic spirit in a community.

The baseball team, not to be outdone, completed an undefeated league season and won the Tri-County League Championship. The above-mentioned banquet committee turned over the money they had left to help purchase jackets for the champions.

Our present basketball team is undefeated in schoolboy competition. Since their only defeat at the hands of the Alumni, they have won 10 straight games.

Graduation exercises were held on Thursday, June 18, 1953. We graduated a class of 33 members. Our present plans call for Senior exercises to take place during the week of June 20 as follows: Banquet June 21; Class Day, June 22; Class Outing, June 23; Graduation, June 24; Commencement Ball, June 25.

To the people of the Town of Bellingham, the Bellingham Lions Club, the American Legion, Assumption Church, the Parent-Teacher Association, and the Superintendent of Highways, we wish to express our thanks for the very fine support given the school during the past year.

In conclusion, I wish to express to you, Mr. Rowe, our appreciation for your co-operative supervision and very helpful suggestions and ask you to convey to the members of the School Committee our thanks for their help in making this very successful year.

Respectfully submitted,

EDWARD F. COLLINS,

Principal of the High School

REPORT OF THE SCHOOL PHYSICIAN

Mr. Percy Rowe Superintendent of Schools Bellingham, Massachusetts

December 17, 1953

Dear Mr. Rowe:

The following is my report to you for the work done by me as School Physician for the Town of Bellingham for the year 1953.

Routine physical examinations were given to the children in grades one, four, seven and ten as recommended by the Massachusetts Department of Public Health. There were 319 children examined. Also all the athletes were examined for physical defects.

The general health of the students was good. The number of defects noted is as follows:

Enlarged	tonsils	and	infla	mmation	of	throats	 	56
Defective	teeth .						 	5
Heart m	armurs						 	7
Poor post	ture						 	3

I want to thank you, the teachers and Misses Grace Moran, R. N. and Lucy King, R. N. for your splendid co-operation during the year.

Respectfully submitted,

(Signed) HAROLD L. SHENKER, M. D. School Physician, Town of Bellingham.

REPORT OF THE SCHOOL NURSE

1953

Mr. Percy L. Rowe

Superintendent of Schools:

May we submit to you the Annual School Nursing Report for the year ending December 1953.

The schools are visited once a week when in session; Mondays at the North School, Wednesdays at Center School and Thursdays at South Schools.

The Norfolk Couny Health Association conducted their annual chest clinic on October 19th. School personnel and members of the senior class were X-rayed at his time. The school nurse assisted.

During October and November the school nurse assisted Dr. Harold Shenker with the physical examinations. Grades 1, 4, 7, & 10, and all the boys interested in athletics were included. These findings will be included in Dr. Shenker's report.

During March, April and May our annual antigen clinics were conducted by Dr. Shenker assisted by two district nurses. Many hours of preparatory work taken to make this event the success it was.

In June a vaccination clinic was held at all three schools. The nurses assisted Dr. Shenker. This clinic was also very successful.

Registration of pupils entering shool in September was held in June. The school nurse assisted.

The State Department again loaned the audiometer machine. The testings were done by the school nurse.

An epidemic of chicken pox occurred the first part of the year. Mumps, sore throats, colds and minor injuries were reported and investigated.

A general inspection of pupils was in progress at intervals throughout the year; and the usual measuring and weighing of pupils was done.

The following is a report of the work done by the nurse on her visits to the schools:

1	Inspection of pupils	1424
2	Pupils inspected for disease	75
3	Pupils recommended for exclusion	17
4	Pupil and nurse conferences	166
5	Pupils treated for minor injuries	150
6	Nurse and teacher conferences	542
7	Home visits	91

In closing may we thank Mr. Rowe, Dr. Shenker and the teachers for their courtesy and cooperation; the school committee and town officials for their support; and the parents who have made it a pleasure to work in Bellingham schools.

> GRACE V. MORAN, R.N., Supervisor

> > LUCY KNG, R. N. School Nurse

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

My Dear Mr. Rowe:

The music program in the Bellingham Schools is being carried out with the usual elasticity, some classes being slower or quicker than others. We concentrate on note reading and the production of good tone, always bearing in mind that the aim of Music Education in the Public Schools is primarily intended to create a love and appreciation of good music.

Last October, in Hayden Memorial Building, there was an interesting joint meeting of Teachers of Singing and School Music Supervisors. "Vocal Problems," a subject of interest to both parties, was presented and dealt with through a panel discussion. It was the general opinion that "the chief requisits for tools for correct voice placement and the feeling of breath release." Miss Gertrude Tingley a past-President of the Massachusetts Association of Teachers of Singing, and with whom I have taken several courses in voice technics, presided at the meeting and stressed the importance of correct breathing and tone placement. I find both these factors vital to choral training in order to acquire true beauty of tone with effortless flexibility. Maybe key signatures and scale progressions will be forgotten and maybe we will not develop any "prima donnas," but I believe that an ideal of good tone and an attitude of love and enthusiasm for fine music will continue, and will contribute something toward happiness in life.

During the days of the Christmas season, I approved of the singing in school of such songs as "Rudolph" and "White Christmas." I think that these two popular songs, and some others, have become part of the American scene. And I think that they can be sung with as correct tone, fine phrasing and good interpretation as the arranged foreign folk tunes that we sing each year.

In closing, again I want to thank you, Mr.. Rowe, all the teachers, and everyone connected with the school program, for their fine continued cooperation.

Respectfully submitted,

CHRISTINE M. WILSON,
Supervisor of Music

REPORT OF THE ART SUPERVISOR

To Mr. Percy L. Rowe Superintendent of Schools

Dear Mr. Rowe,

During the past year the boys and girls of Bellingham have enjoyed many opportunities for discovering and displaying their creative abilities in art.

Twenty-six pupils from the schools designed and submitted posters to the annual poster contest held by the Massachusetts S.P.C.A. in the Spring. Eight pupils were awarded prizes by the S.P.C.A.

At their March meeting, the South Bellingham P.T.A. sponsored an art exhibit at the High School. Sixty pupils from the South School, grades one through eight, displayed drawings and paintings. First, second, and third prizes were awarded by the P.T.A. to each class participating.

During the festive holiday season, pupils designed and made Christmas cards, favors, window decorations and home decorations, thus giving them ample opportunity to work with various media.

Mechanical Drawing students in the high school have become familiar with the various phases of working drawings, perspective, scale drawings and surface dtvelopment.

I wish to thank you, Mr. Rowe, the School Committee, principals, and the teachers in Bellingham for such fine cooperation in the art program for our schools.

Respectfully submited,

E, JANE COLEMAN,
Supervisor of Art

REPORT OF TOWN ACCOUNTANT

To the Taxpayers of Bellingham:

The Annual Report of the Accounting Department is herewith submitted.

It comprises a Statement of Appropriations, Transfers, Receipts and Expenditures. Also a Trial Balance showing balances carried forward to 1954, and of a Balance Sheet showing the financial condition of the Town as of December 31, 1953.

The Water Takers who have not paid water bills have deprived the Water Dept. of Revenue amounting to \$8,169.23.

The Accounts Receivable billed by the Welfare and Old Age Assistance Departments to other Cities and Towns amounts to over \$11,000 which is also uncollected.

The Town Debt increased \$68,680 last year and the interest will increase accordingly.

The amount of \$27,941.01 of Surplus Revenue, as of January 1. 1954, has been certified by the Director of Accounts, as available funds.

Thanks are extended to all for their cooperation during the past year.

JOSEPH I. TAYLOR,

Town Accountant.
